Commentaire : The enormously successful deluxe New York, New York, updated with new photography and reformatted for an affordable price point. In addition to the classic storied neighborhoods and buildings previously showcased in New York, New York, Richard Berenholtz has photographed several new architectural marvels, like the striking Gehry IAC building, a Chelsea residence building by Jean Nouvel, and the new World Trade Tower, to name only a few. This book wonderfully captures the duality of New York in grand style-that timeless yet ever-changing characteristic that makes the city so captivating-and is the perfect gift for those who love New York.
