"Alan Moore and David Lloyd's powerful epic about loss of freedom and individuality gets the Absolute treatment!

Taking place in a totalitarian England following a devastating war that changed the face of the planet, V FOR VENDETTA was the inspiration for the hit 2005 movie starring Natalie Portman and Hugo Weaving.

This amazing graphic novel spotlights a mysterious man in a white porcelain mask and his young protégé as they fight political oppressors through terrorism and seemingly absurd acts. It's a gripping tale of the blurred lines between ideological good and evil and details a world where political and personal freedoms are non-existent."

Comment: A few bumps on the slipcase corners, otherwise a fine, crisp copy. A treat for any fan!
