reliure epoque tres abimee,manques au dos,coins frottes,texte correct;dans l'etat,photo sur demande,Picture and
description upon request.

Commentaire : Thought to be written all or in part by Anthony Hamilton, Grammont s brother-in-law, a Jacobite officer who fought at the Boyne and settled in France after the first exile of the Stuarts. Grammont was an unscrupulous libertine and gambler who was eventually banished from the Court of Louis XIV for casting an eye (most certainly more) on one of the King"s favorites. Grammont appears to have dictated the first and most entertaining.section, down to his exile, to Hamilton while the last part, largely concerned with scandals of the court of Charles II, is by Hamilton. The memoirs are written in admirable French, in a light, easy, slightly ironic style, Remise de 20% pour toutes commandes supérieures à 200 €

Prix : **130,00 €**
